(Name of Child) woke up to a gentle rustling in the room. He slowly opened his eyes.

It was a new day.

He turned over to see if his brother was awake yet, in the bed on the other side of the small room. He liked sharing a room with him because he never had bad dreams when he was around.

His brother was already up and he was all alone in the room. He turned off the bedside lamp on the table next to his bed.

(Name of Child) slid from his bed to the floor and ran to the kitchen. "Morning", he said with his voice still trying to find its pitch.

“Morning” (Name of Child)! Said (Name of Child)'s daddy (Daddy/uncle's name), ruffling his hair fondly.

“Guess what?”, said mommy (Mother/Aunt name), “We all have a very nice surprise for you,”

(Name of Child)'s eyes widened, “Really, for me?!” Suddenly he felt excited. The last time he got a surprise was for his birthday.

“Come, said (Name of Child)'s mommy, “let us show you”. Mommy (Mother/Aunt name) picked him up and carried him down the passage to the study.

The study looked totally different. There was a bed, a cupboard, and some shelves.

“We’ve decided to give you your own bedroom. You’re now (Child's age) years old, old enough to have your own room and we all helped turning the study into a bedroom just for you!” his mommy continued.

(Name of Child) gasped “Is it all mine?”

“Yes!” and I painted the walls your favourite colour”, daddy (Daddy/uncle's name) said.

Wide-eyed, (Name of Child) looked at his new bedroom.

It had a bed that was bigger than his old one. It had a cupboard with more space and shelves for all his toys.

He wriggled free and ran to jump onto the bed. It had a bright, colourful blanket on it.

“Thank you!” he said, smiling at everybody, bouncing up and down as he sat with his soft chubby body on the mattress.

That morning everybody was very busy.

Mommy (Mother/Aunt name) helped pack his clothes into the new cupboard.

Daddy (Daddy/uncle's name) helped move the furniture and hung his favourite pictures exactly where he wanted them.

(Name of Child) carried all his toys to the room then he packed them onto the shelves. Then he repacked them.

(Name of Child) put his skateboard in the corner of the room, along with his kneepads and helmet.

When they were done, he unpacked his toys from the shelves and spread them over the floor.

He didn't have to worry about his brother (Name of person sharing a room with) tripping over his toys like in his old room. He had the entire room to himself.

(Name of Child) was so busy playing that he didn't notice it was early evening when his daddy came in and switched on his bedroom light on.

"Supper time!" his mommy called a while later from the kitchen. "Tidy your room quickly and then come and have supper (Name of Child)."

(Name of Child) began packing his toys away onto the shelves.

He then saw he had forgotten to tidy up a toy next to his bed. He bent down and picked it up. As he bent down, he looked under the bed. It was so dark and scary.

(Name of Child) suddenly realised he would be sleeping alone in his new room without his brother nearby like he used to.
